MARION K NIELSON
NIELSON MINING
3900 REDWING ST
WEST VALLEY CITY UT 84119

Dear Mr. Nielson

The amendment to your notice to conduct mining related operations to include another unpatented mining claim, UMC serial number 57691, and to expand the area of operations to SW/4, Sec. 12, T. 19 S., R. 14 W., SLBM, was received on May 17, 1995, and has been accepted by this office. Your Notice case file number will remain UTU-070693. Please use this number in any future correspondence concerning this notice and amendment(s).

If you change your operation from what is described in your notice, you are required to contact this office prior to the change. If your operation extends for more than one year, please advise this office on the status of your mining related activity on the anniversary date of your amendment.

Enclosed is a copy of the Conditions of Acceptance for BLM Mining Notices, stipulated by the Richfield District, Warm Springs Resource Area. Please follow these guidelines as they pertain to your operation.

Our acceptance of your amendment is only effective in so far as BLM administered lands are involved.

A copy of your amendment has been sent to the Utah Division of Oil, Gas and Mining (UDOGM); therefore, you will not have to file this amendment with them. A copy of your amendment has also been sent to the Utah Department of Environmental Quality, Division of Water Quality (DWQ). DWQ should contact you concerning any permits you may need, however their failure to do so does not absolve you from responsibility for obtaining the same.

Also, all mining claimants and operators intending to use, store, or divert water are required by Utah and Federal statute to notify the following agencies:

Utah Department of Water Resources
1636 West North Temple
Salt Lake City, Utah 84180-1203

and

U. S. Army Corps of Engineers
Utah Regulatory Office
1403 South 600 West, Suite A
Bountiful, Utah 84010

You are required to report to this office, all hazardous materials associated with your operation along with information regarding their use, storage, transport, quantity, generation and disposal. Information regarding hazardous materials can be obtained from the State of Utah, Department of Environmental Quality, Division of Solid and Hazardous Waste at:

288 North 1460 West
Salt Lake City, Utah 84114-4880

You are required to contact the Department of Environmental Quality (DEQ), Emergency Response Section (ERS) at the Sections 24-hour response number (801-536-4123) immediately of a spill or discharge of hazardous substances.

As required by 43 CFR 3809, Surface Management Regulations, reasonable measures must be taken to prevent unnecessary or undue degradation of public lands and reclamation is required at the earliest feasible time. Please notify this office upon completion of operations and reclamation so an inspection may be conducted on the site. Reclamation under this notice is required to conform to the standards of the Utah Mined Land Reclamation Act.

Acceptance of your amendment will not now, nor in the future, serve as a determination of the validity nor ownership of any mining claim included under your notice.

Prior to the commencement of your operations, we would like to meet with you on site to review reclamation practices and initiate a reclamation plan. Please contact this office to arrange the meeting. If you have any questions regarding this letter, please feel free to contact me at (801) 743-6811. Thank you for submitting your amendment.

Sincerely,

Rody Cox
Geologist
